Secure Payment Systems Agent Program

Become a Partner – Join Our ISO & Agent Market Partner Program

Secure Payment Systems (“SPS”) offers you a compelling financial arrangement that brings short-term value, as well as lifetime residual income. Join the SPS ISO & Agent Program as a direct reseller and take the first step towards building a significant revenue stream! We also offer a Referral Sales Program which allows you to earn commission for each qualified and boarded referral without any direct sales efforts. The key features of our program include:

- **Flexible Pricing Programs - Buy Rate and Revenue Share** programs matched to your specific needs and industry targets.
- **Value Add Solutions** - Complement your credit card processing products with value-add solutions such as ACH, consumer financing, gift card, POS check conversion, and back office check conversion.
- **Superior Relationship Management** - Get the support you need from our experienced ISO channel managers and sales support professionals.
- **Multiple Programs Options** - Whether you want to be a referral partner or a sales partner, SPS has a program to meet your sales goals. Sell and close your merchants directly or let SPS contact, sell, and close the merchant on your behalf.

Products and Services. SPS solutions help you with merchant retention and can also lower their cost through alternative payment processing. Our core ACH processing services are available for both small and large businesses for single and recurring ACH payments. We provide POS and e-commerce consumer financing through our EZPAY Advantage® solution which helps consumers extend their payments over time. Semi-custom and custom gift card processing services helps your merchants promote their business and reduce risk. SPS can provide access to real time checking account databases

that assist billers in managing risk and lower cost of payment processing as well as back office check conversion. Finally, electronic POS check processing is available for merchants who continue to accept check for payment but want to eliminate the risk associated with those payments.

We look forward to explaining these solutions in more detail and how they can help you grow your residuals. Let us show you how!
